Special Correspondence of the Standard.

LIVINGSTON, Dec. 11.—The State Teachers' association will meet in annual session in this city the last of this month, Dec. 26, 27 and 28. The attendance promises to be large and the hospitable people of Livingston will throw open their homes to the visitors. Free accommodations have already been secured by the committee of arrangement for nearly 100, and it is safe to say that all who attend the session will meet with generous treatment and excellent accommodations. The address of welcome will be delivered by Hon. E. C. Day, at the west side school building, on the evening of the 26th. A special feature of the entertainment will be a musical entertainment at the opera house on the evening of the second day. The faculty of the conservatory of music of the College of Montana at Deer Lodge has been secured at considerable expense for the occasion and the recital will unquestionably be the musical event of the season.

The Rocky Mountain club is making extensive arrangements for a grand masquerade ball to be given at Heffner's opera house on New Year's eve. A large number of invitations have been issued and the event promises to be a fitting finale to the social festivities of the present year.

The next attraction at the opera house will be a vaudeville production on the evening of Dec. 22 by the London Music Hall company.

Charles W. Anderson of Cooke City has made application for the administration of H. L. Collins, one of the pioneers of Cooke, who recently died at the insane asylum at Warm Springs.

Bely and Polatnik have disposed of their branch business at Cokedale to E. E. Schug, formerly bookkeeper for the Livingston Coal and Coke company.

Ex-County Commissioner H. J. Hoppe of Cinnabar has applied for letters of administration on the estate of his deceased wife.

Harvey & Trelogan of this city recently shipped 10 carloads of fat cattle to the Chicago market. For their steers they received the high price of \$4.40 per hundred weight, thus leading this season's market over all western competitors. The shipment netted them over \$10,000.

Rev. Bishop L. R. Brewer of Helena conducted confirmation services at St. Andrew's Episcopal church in this city a few evenings ago, and admitted the following class of 11 to church membership: Miss Anna Bowers, the Misses Knight, Master Earl Goer, Carl Eiv, Frank Vaughn, Henry McAdams and Mesdames Slowman, Bingham, Soare and Organ.

Mrs. Charles Lohman of Horr lost her wallet containing about \$50 the other day while en route to this city via the Park train on a shopping expedition. She laid her pocketbook on the seat while she assisted her little boy on with his overcoat. On returning to the seat a moment later the wallet was gone and none of the passengers appeared to know anything about it. The loss was reported to Northern Pacific headquarters here and ex-Under Sheriff Sam Jackson was put on the case. He secured the names of all the passengers who were aboard the train and selected one whom he thought was the guilty party. Sam camped on the fellow's trail for 24 hours and finally succeeded in getting the man to acknowledge his guilt. The money was all returned and the fellow was allowed to return to his home at Horr without being arrested, and the detective generously refrained from disclosing the man's identity.

The Yellowstone club met this evening at the home of Mrs. E. H. Talcott. Quite a large number of the members were present and a very interesting literary session was held. The selection for the subject under discussion was read by Mrs. Monical. It was entitled "A Southern Woman's description of Boston."

James Lusk of Big Timber has just completed a sentence of 25 days in the county jail for unlawful killing of game.

Matthew Rose has been committed to the county poor house.

For some time past Livingston has been

afflicted with a chicken thief and thus far all efforts to catch him in the act of robbing hen roosts have proved futile. The other night the fellow made a raid on Chief of Police Mitchell's chicken house and carried off 21 of the finest fowl. The chief of police is now camping on the fellow's trail and one of these nights when the chicken thief drives in from his ranch for the purpose of making another haul of poultry, he had better exercise more than ordinary caution or he will come to grief and lasting disgrace.

The P. W. McDonnell sample rooms, which were recently closed under attachment proceedings, were reopened Saturday evening under the management of Sam Wilson. Sam was elected justice of the peace at the last election and will doubtless dispense even tempered justice with some of the finest liquor that ever "painted landscapes in the brain of man."

Isaac J. Lewis and Josephine M. Lewis came up from Billings a few days ago and were quietly married in this city by Justice Lepley. The parties to the felicitous transaction were divorced not long ago.

The Park county school census has been completed and shows the total number of children in this county between the ages of 6 and 21 to be 1,929, of which 944 are accredited to Livingston.

A special convocation of Particular consistory, No. 1, A. F. & A. M., for the jurisdiction of Eastern Montana, will be held in this city, beginning Feb. 10, 1895, and continuing five days.

Thomas Davidson and George Glass of Melville were arrested by Sheriff Connor a few days ago on a warrant charging them with unlawfully driving cattle off the range. The prisoners gave bonds for their appearance at Big Timber next Wednesday for preliminary examination.

Postmaster Swindlehurst is in receipt of a letter from the postoffice department at Washington notifying him that the contract for carrying the mails twice a week by stage between this city and Cinnabar has been awarded to G. Cowles of Algona, Kas.

Ed Howell, the famous National park poacher, who was convicted before the United States court commissioner at Mammoth Hot Springs on charges of entering the park after having been expelled by Capt. George S. Anderson, the autocratic ruler of Wonderland, and who took an appeal to the United States district court of Wyoming, has been released. The court held that there is no existing law under which a person can be punished for entering the park after having been expelled therefrom.

The city council has appointed Justice J. D. Rose city magistrate, to fill out the unexpired term of Judge L. N. Lepley, who recently resigned.

Col. E. Samartine will remove his portable saw mill in a few days from Rock creek, in the Shields River valley, to the cedar strip on the Crow reservation near Stillwater, where he will manufacture 2,000,000 feet of lumber. He has a contract for supplying the Livingston Coal & Coke company at Cokedale with 600,000 feet of lumber and expects to ship the balance of the product to Billings, which is preparing for a building boom in the spring.

Albert Cook, Nate Young and Robert McPherson have been arrested on a warrant charging them with grand larceny. The complaining witness, Mack Lyons of the sheep firm of Norton & Lyons of the American Fork in Meagher county, alleges that the three defendants stole and drove off 400 head of sheep from the Norton & Lyons ranch on Sept. 13, 1894. The case will be heard in a few days.

NEXT WEEK'S OPERA.

The Demand for Seats is Something Ex-
traordinary.

BUTTE, Dec. 11.—The demand for seats for the engagement of the Tary Grand English opera company next week at the opera house has been unprecedented. Every mail brings innumerable requests for choice sittings and when the box office opens on Friday morning a rush is anticipated. Manager Maguire announces that under no circumstances will any discrimination be shown in the sale of seats. The Montana Central and Union lines are arranging excursions and cheap rates will be extended to those attending.

The encouragement that Manager Pratt of the Tary Grand English Opera company has received since the opening of the season is but the reward that is sure to follow a venture planned with such consummate regard for the artistic effect. When this astute and experienced gentleman announced his intention of taking out a company that would render grand opera in English in a manner never before attempted, he was met on every hand with expressions of regret from managers who predicted the most disastrous results. But when his company was completed the great strength of the organization was at once apparent, and managers of the best theaters everywhere have vied with each other in offering most advantageous terms to secure the attraction. The concessions made by Manager Maguire of the opera house to induce this company to visit Butte were such as to admit of no refusal on Mr. Pratt's part. The success of Manager Pratt's venture has been most gratifying, and the attendance has been limited to the capacity of the theaters in the various cities visited. From an artistic standpoint the productions of the magnificent works of Verdi, Gounod, Wagner and Vascagni have met with signal success and have received the most flattering commendation of critical writers everywhere. The week's repertoire includes "Il Trovatore," "Faust," "Carmen," "Martha," "Rigoletto" and "Lohengrin."

"I Think Very Hard That the Buffet-Smoking Library Coach on the North-Western Limited between St. Paul, Minneapolis and Chicago is the greatest institution in modern railway travel I ever ran across—or rather rode in—and I have traveled a few miles myself since I was able to go it alone. That Coach means solid comfort to a fellow and makes a long journey a delightfully short one. By all odds it is the best feature of the best train I ever rode on."—The Globe, St. Paul.

TRUE, EVERY WORD OF IT

The best bargains are not the cheap ones only. From a dollar and cent point of view that which might seem cheap may be actually dear. But in the buying of groceries apart from the mere cost is another and perhaps the most important consideration. It is the obtaining of such goods that is pleasing and beneficial to use. New Goods, Fresh Goods and the Very Best Goods that the market produces. This is the kind of Goods that are sold at the Grocery 308 N. Main St., and these Groceries are sold at prices that are of great advantage to patrons.

ESTEY PIANO

It is a Piano that sings its own praises. There is nothing about it to hide, nothing to gloss over. It is good from the case to the sounding board, and from one end of the keys to the other. No tinny sounds come from its treble. There is nothing dead about the full rich bass. The ends are as good as the middle. That is one test for a piano. There are others, if you'll let us we'll tell you what they are. You'll be posted then and need take no dealer's word. Catalogue on application.
